THE TOUR

W.F.F.A. kicks-off the Heal Our Land Tour Sat, Aug 29, 2020 in Jacksonville, FL, then embarks on a nationwide bus tour across America through several states with the final stop in Washington, DC on Nov 1. The tour will gather communities together to enjoy our diversity, and celebrate unity for the healing of our land. Each tour stop will include dynamic speakers and organizing efforts to continue engagement, and to pray for the healing and restoration of our nation as a beacon of light to the world. We will educate on what's at stake, with easy to understand content on policies and information on the decisions being made for our country and our future. Everyone is welcome. Bring the family and join us for the celebration.

Keep an eye out on our Facebook page @[WFFA](#) for updates on cities and dates of the tour.

Together we will
gather, pray, and celebrate.

<u>Day</u>	<u>Location</u>	<u>ADDRESS</u>	<u>City</u>	<u>State</u>

WHY W.F.F.A.

Women - the Heart of America - are Joining Together to Save the Country They Love on a Tour Across Our Land

Amid the current chaos in America, Women Fighting For America is a newly-formed group of women that has emerged, declaring that American women are a brave force of love to be reckoned with, and we're going on a national bus tour to bring our country back together again.

Women Fighting For America, (W.F.F.A.) is raising up a multitude of women across our land as ONE VOICE that will make a difference in a time we cannot risk being silent.

W.F.F.A. was founded as a way for women to get involved, to rise up to protect our families, our children, our safety, our freedoms, and our financial security, for now and, for future generations.

Christie Hutcherson, founder of W.F.F.A. explains, "There's a lot at risk right now. We are at a pivotal point in history. And if we do not rise up, as women; fierce, bold, strong, to say, 'We're not going to allow this disease to spread across our country anymore, then I'm fearful for my children, and my children's children. What are we leaving behind, what legacy? Women, we're the heart of the home—the heart of the family. We're the heart of America,

heal
OUR LAND TOUR

OUR MISSION

Our mission is clear:

- Mobilize ALL women across our nation
- Come together in unity and celebrate diversity
- Educate on preserving our faith and the constitution
- Impact our future locally and in the voting booth

Our nationwide "Heal Our Land" movement is to gather, show our love, enjoy our diversity, and come together to celebrate our unity. The tour will help elevate the choices that we have as free Americans and will target key electoral states and communities to help us understand the impact and importance of our vote and to pray for America's future.

Each tour stop will include dynamic speakers and organizing efforts to continue the education and local engagement activities that will celebrate our resolve to see our land healed and restore our beacon of light to the world.
